

California Peer Support Association

Presents
**ICISF
Group Crisis
Intervention**

ICISF Group Crisis Intervention Training

This is a 14 hour, 2 day class

Topics that will be presented are:

- 7 step "Mitchell Model" debriefings
- Common Psychological /Behavioral Reactions
- Critical Incident Stress Management
- Strategic Planning
- How to conduct a Defusing & Debriefing
- How to conduct a Crisis Management Briefing
- Scenario Training
- Taking care of you

Individuals taking this class should have already had the Basic Peer Support class and should be doing peer support work.

Individuals can expect to take away from this class an understanding of critical incident stress management and the different levels of intervention tactics available.

The 7 step "Mitchell Model" for debriefings will be taught, as well as how to conduct debriefings and Crisis Management Briefings.

All concepts will be taught, discussed, and practiced. Realistic scenarios will be utilized in scenario training.
